The leveling screw extension permits you to level difficult to reach Wedgmount® Precision Levelers that are not positioned on the outer periphery but rather far under a machine. The choice is based on the size of the hexagon socket of the concerned Wedgmount®.

**Article information**
- Type: 6/13
- Name: Extensions SW 6/13
- Art. no.: 9.90006.1500
- Color: RAL 6011 reseda green
  - Other colors upon request.
  - Surface treatment: painted

**Technical Data**
- Weight [kg]: 2.1

**Dimensions**
- Length L [mm]: 1500
- Length L₁ [mm]: 6
- Length L₂ [mm]: 13
- Diameter D [mm]: 15
- Width across flats SW₁ [mm]: 6
- Width across flats SW₂ [mm]: 13

**Product contents**
- Name: Extensions SW 6/13
  - Type: Ø14x1500mm / Ø2x14
  - Art. no.: 9.90006.1500
  - Quantity: 1
- Name: Rollpin
  - Type: Ø 2 x 14
  - Art. no.: 7.142.0214
  - Quantity: 1

**Remark extent of supply**
- ALU-T-guiding devices need to be ordered separately.
