Fastening systems for AirLoc Wedgmount® Precision Levelers

The AirLoc fastening systems suit optimally to the corresponding AirLoc product. High-quality material from the best suppliers guarantee easy, secure mounting, reliable functioning, and long-life even under severe conditions.

Studs P
Fixing system with stud type P for bolt-on AirLoc Wedgmount® Precision Levelers.

more ▶

Studs S
Stud type S for bolt-through AirLoc Wedgmount® Precision Levelers as well as for TA/SL heavy duty anchors and dowels and RG MI internally threaded anchors.

more ▶

Heavy duty anchors and dowels TA/SL
For easy ground anchoring system along with stud S.

more ▶

Studs RGM
For heavy duty ground anchoring system along with resin anchor RM.

more ▶

Resin anchor RM
For heavy duty ground anchoring system along with RG MI internally threaded anchor and stud S or with stud RGM.

more ▶

Internally threaded anchor RG MI
For heavy duty ground anchoring system along with stud S and resin anchor RM.

more ▶

Disk springs
For ground anchoring system along with AirLoc isolation.

more ▶

Spherical washers set
For inclined position adjustment of anchor bolts. By using bolt-on and bolt-through AirLoc Wedgmount® Precision Levelers including spherical seat.

more ▶

Isolating washers
For vibration decoupling of anchor bolts. By using bolt-through AirLoc Wedgmount® Precision Levelers with AirLoc isolation.

more ▶
Isolating tubes
For vibration decoupling of anchor bolts. By using bolt-through AirLoc Wedgmount® Precision Levelers with AirLoc isolation.
more ▶

AirLoc Spacers
AirLoc Spacers enlarge the levelling range of AirLoc Wedgmount® Precision Levelers including spherical seat.
more ▶

AP - Anchoring brackets
Anchoring brackets permit subsequent anchoring of KaBloc series AirLoc Wedgmount® Precision Levelers.
